

Information for Visitors to BDAT

We are very much looking forward to welcoming you to our BDAT Central Office here at the Jade Building at Albion Mills.

Please note that parking is restricted in the main car park so we would recommend that you park in the overflow car park which is highlighted within the red oval on the image below.

Entrance to the overflow car park is above the entrance to the main car park, highlighted by the red arrow.

The external door into the Jade Building (where the red pin is on the image) works on a buzzer system, so please ring the buzzer on arrival and a member of the team will let you in.

We are located on the second floor which can be accessed via the stairs or lift. Please do let us know in advance of any accessibility requirements so we are able to support as needed.

Upon arrival, please sign in using our Inventory system.

Tea, coffee and refreshments will be provided.
